Participant Consent Form

The Seminole Nation of Oklahoma is conducting an assessment of our Native language to tribal citizens. This assessment is made possible through a grant funded by the Administration for Native Americans (ANA.) The Seminole Nation is requesting your participation in this study, which will involve a three part survey.

After we receive all surveys, the Seminole Nation will compile the data, and may possibly contact you again to clarify information. After the compilation is completed, the surveys will be stored permanently by the Seminole Nation in a secure location. No one but authorized personnel will have access to the data collected.

All surveys will remain anonymous with your name and tribal enrollment verification on a separate control sheet. Your participation in this study is voluntary. If you choose not to participate or to withdraw from the study at any time, there will be no penalty. The results of the study may be published, but your name will not be used.

Your participation in this survey or interview will be considered your consent to participate.

If you have any questions regarding the research study, you may contact the Seminole Nation Language Program Director at___________________.
